# Behaviour Driven Development & Wally

<matt.chadburn@bbc.co.uk>, Dec 2011

# Features

In order to view the most interesting areas of the site

As a user of the BBC news site

I want to view the most popular stories, videos and shares

# Scenarios

Scenario: Collection of most popular statistics on stories

Given there is a story with the headline, "The end of the world is nigh!"

When I visit the story page

Then my visit should be recorded by livestats

# NFRs

Scenario: Download speed under 2 seconds on 3g

When I download the News frontpage and all it's linked content

Then the download size should be under 70kb

And the number of assets downloaded should be less than 16
